Representative(s) Ross offered the following:

Amendment (with title amendment)

Remove everything after the enacting clause and insert: Section 1. Section 627.442, Florida Statutes, is created to read:

627.442 Construction contract insurance provisions; acceptance, rejection, or application.--

(1) If a written construction contract requires a subcontractor, sub-subcontractor, or materialman to provide an insurance policy or certificate of insurance to the prime contractor or another subcontractor evidencing the extension of coverage rights to an additional insured, the prime contractor or subcontractor may reject the policy or certificate as not sufficiently evidencing insurance conforming to the contract requirements within 30 business days of receipt for commercial construction projects or within 7 business days of receipt for residential construction projects. Any such rejection must be in writing and must specify the reasons that the policy or certificate does not sufficiently evidence insurance conforming to the contract requirements. If a policy or certificate is

rejected as provided in this subsection, no payment to the subcontractor, sub-subcontractor, or materialman shall be due for any labor, services, or materials supplied, and no valid lien or payment bond claim pertaining thereto shall exist, until the subcontractor, sub-subcontractor, or materialman obtains and evidences insurance conforming to the contract requirements. If the policy or certificate is not rejected as provided in this subsection, payment may not be withheld by the owner, lender, prime contractor, or subcontractor based upon the failure of the subcontractor, sub-subcontractor, or materialman to evidence insurance conforming to the contract requirements. For purposes of this section, "residential construction project" means the construction, remodeling, repair, or improvement of a onefamily, two-family, or three-family residence not exceeding two habitable stories above no more than one uninhabitable story, and accessory use structures in connection therewith. For purposes of this section, "commercial construction project" means any construction, remodeling, repair, or improvement that does not constitute a residential construction project.

- (2) Notwithstanding subsections (1) or (3), no payment to the subcontractor, sub-subcontractor, or materialman shall be due for any labor, services, or materials supplied, and no valid lien or payment bond claim pertaining thereto shall exist, until that subcontractor, sub-subcontractor, or materialman obtains and evidences insurance conforming to the contract requirements, if:
- (a) The policy or certificate does not accurately reflect the coverages contained in the policy in force, or
- (b) The policy is canceled, nonrenewed, or its terms are materially and adversely altered such that it no longer satisfies the contract requirements.

- (3) Nothing in this section shall prohibit a prime contractor or subcontractor from rejecting a policy or certificate as not sufficiently evidencing insurance conforming to the contract requirements, at any point beyond the time periods specified in subsection (1), if such rejection is in writing and specifies the reasons for rejection. If a policy or certificate is rejected as described in this subsection, no payment to the subcontractor, sub-subcontractor, or materialman shall be due, and no valid lien or payment bond claim shall exist, for labor, services, or materials supplied after the rejection is received, until that subcontractor, sub-subcontractor, or materialman obtains and evidences insurance conforming to the contract requirements.
- (4) Nothing in this section shall be construed to toll the required time period within which a claim of lien or a claim against a payment bond must be filed.
- (5) This section shall not apply if at the time of the request for proposals or bids, or prior to the subcontractor, sub-subcontractor, or materialman commencing work or supplying materials under the construction contract, the prime contractor or subcontractor provides a sample of an acceptable certificate of insurance or a one-page schedule accurately reflecting all insurance requirements which extend coverage rights to an additional insured for that contract to the subcontractor, subsubcontractor, or materialman, and the insurance provided by the subcontractor, sub-subcontractor, or materialman does not comply with the construction contract. A schedule or sample certificate of insurance issued under this subsection shall not be deemed to amend or modify the contract between the parties in any way or to waive any requirement of the contract unless the schedule or

certificate expressly states that such an amendment, modification, or waiver is intended.

(6) This section shall apply to contracts entered into on or after October 1, 2006.

Section 2. Section 627.443, Florida Statutes, is created to read:

Notwithstanding any other provision in this chapter, any person requiring a workers' compensation policy pursuant to a construction contract shall not require such policy to be issued by an insurer or self-insurance fund that is rated by a nationally recognized insurance rating service, provided the issuing insurer or self-insurance fund is subject to part V of chapter 631.

Section 3. This act shall take effect October 1, 2006.

Remove the entire title and insert:

LAW. ANYONE GIVING FALSE INFORMATION ON THIS AFFIDAVIT IS SUBJECT TO PROSECUTION.

When an application is made through a licensed motor vehicle dealer as required in s. 319.23, the original or a photostatic copy of such card, insurance policy, insurance policy binder, or certificate of insurance or the original affidavit from the insured shall be forwarded by the dealer to the tax collector of the county or the Department of Highway Safety and Motor Vehicles for processing. By executing the aforesaid affidavit, no licensed motor vehicle dealer will be liable in damages for any inadequacy, insufficiency, or falsification of any statement contained therein. A card shall also indicate the existence of any bodily injury liability insurance voluntarily purchased.

- (b) When an operator who owns a motor vehicle is subject to the financial responsibility requirements of chapter 324, including s. 324.022, such operator shall provide proof of compliance with such financial responsibility requirements at the time of registration of any such motor vehicle by one of the methods constituting sufficient proof of purchase under paragraph (a). The issuing agent shall refuse to register a motor vehicle if such proof of purchase is not provided or if one of the other methods of proving financial responsibility as set forth in s. 324.031 is not met.
- (c) For purposes of providing proof of purchase of required insurance coverage under this subsection, the Office of Insurance Regulation of the Financial Services Commission shall require that uniform proof-of-purchase cards specified by the Department of Highway Safety and Motor Vehicles be furnished by insurers writing motor vehicle liability insurance in this

state. Any person altering or counterfeiting such a card or making a false affidavit in order to furnish false proof or to knowingly permit another person to furnish false proof is guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

- (d) The verifying of proof of personal injury protection insurance, proof of combined bodily liability insurance and property damage liability insurance, or proof of financial responsibility insurance and the issuance or failure to issue the motor vehicle registration under the provisions of this chapter may not be construed in any court as a warranty of the reliability or accuracy of the evidence of such proof. Neither the department nor any tax collector is liable in damages for any inadequacy, insufficiency, falsification, or unauthorized modification of any item of the proof of personal injury protection insurance, proof of combined bodily liability insurance and property damage liability insurance, or proof of financial responsibility insurance or motorcycle insurance required by s. 324.025 either prior to, during, or subsequent to the verification of the proof. The issuance of a motor vehicle registration does not constitute prima facie evidence or a presumption of insurance coverage.
- (e) The department shall suspend the registration, issued under this chapter or s. 207.004(1), of a motor carrier who operates a commercial motor vehicle or permits it to be operated in this state during the registration period without having in full force and effect liability insurance, a surety bond, or a valid self-insurance certificate that complies with the provisions of this section. The liability insurance policy or surety bond may not be canceled on less than 30 days' written
